OBJECTIVE

To obtain summer work in the field of/ or related to Computer Science.

EDUCATION

Rensselaer Polytechnic Institute

Bachelor of Science, Computer Science (Exp. 2020)

Related courses: Computer Science 1, Data Structures

EXPERIENCE

Google Computer Science Summer Institute

Google, inc. - Cambridge, MA 2016

- Participated in an intensive & highly selective three-week program where I gained exposure to HTML, CSS, Javascript, JQuery, and Python.
- My team and I developed a publically available web app that implemented several languages and features; I worked front-end and created the visual user interface. *Project Link: <http://mood-generator.appspot.com>*

SKILLS

Languages: Proficiency in Python, HTML, and CSS. Familiar with C++.

Operating Systems: Windows, Mac OS X.

Background: In computer-aided drawing, digital design and graphics.

ACTIVITIES

- **Member** of coding&&community, a club focused on teaching code to the underrepresented youth groups in surrounding community.
- **Current member** of the RPI Women's Club Soccer Team.
- **Senior Class President:** Managed several class events, assisted in budgetary decisions, designed graphics for class t-shirts and yearbook cover.
- **Hobbies** include traditional art, playing guitar & harmonica, and practicing photography (portraits).

AWARDS
